ABOUT ME

I am a hardworking and ambitious individual with a great passion for front and back-end development. I thrive for efficiency and always aim to find the best way to accomplish my projects. I am currently in my second year of studying AP Multimedia Design and Communication at University College of Northern Denmark. I would like to broaden my knowledge in web-development and seeking for an internship.

KEY SKILLS & COMPETENCIES

PROFESSIONALY I AM

▸ Always seeking to understand the others' viewpoint.
▸ Working with great resilience and diligence towards a common goal
